

## Data Transfer Procedures

### Primary Contact

#### Dave Stinson

daveS@caeservices.com  
(630) 761.9898 ext. 27

### Alternate Contact

#### Rick Hermosillo

rickH@caeservices.com  
(630) 761.9898 ext. 14

### FTP

Contact Dave for username & password.

### Notification

If posting data please notify the following CAE personnel;

daveS@caeservices.com  
tim@caeservices.com

### File Size

Files up to 6MB can be sent directly to Dave Stinson. Larger files must be transferred through FTP.

### Accepted File Types

- CADKEY Solid
- Catia (.exp)
- Catia (.model)
- IGES (trimmed surfaces)
- Parasolid (.x\_t)
- Solidworks (.sldprt)
- Pro/Engineer part file (prt.1.)
- STEP (\*.stp)
- Unigraphics (.prt)

### Please send data "in-mold" position.

Please send one of the above file types of your mold design, and include **only** the following.

- Part surfaces in mold position (helps us locate cooling lines relative to part)
- Runner design with gating, including hot manifold
- Cooling line surfaces with wireframe centerlines
- Any high-conductivity inserts (surfaces)
